

ENTREPRENEUR IN RESIDENCE

- Project Manager

VIENNA

EIR is a programme initiated by StartUs as a leading startup and innovation network to connect entrepreneurial talents with leading Austrian organizations seeking to digitalize and innovate their business.

ABOUT THIS PROGRAMME:

This programme is aimed to connect entrepreneurial talents with top companies from Austria.

The process is very simple:
Once we receive your application it will be presented to leading Austrian organizations looking for an Entrepreneur in Residence.

Depending on your availability, the programme's duration is 1-6 months.
We will get in touch with you as soon as we find the most suitable position for you.

YOUR TASKS:

- Support the company in developing new IT solutions and projects
- Assist the IT team in analysing consumer behaviour and market trends
- Create breakthrough strategies for the digitalization of core products and services

HOW IT WORKS:

1. We receive your application and examine your profile
2. We get in touch with you once we identify a suitable opportunity for you
3. We schedule a short talk and discuss the next steps
4. We send you the programme's offer (including other details about the programme such as remuneration)

WHO WE ARE LOOKING FOR:

Entrepreneurial thinkers who have a strong understanding of IT project management and Information Systems.

If you have previous experience in this field and if you are passionate about digitalization and innovation, this is the right call for you!

Shape the digital strategy of a great company and gather experience, while doing what you enjoy.

YOUR PROFILE:

- Experience in managing IT projects
- Basic to advanced skills in programming
- Understanding current and emerging information technologies and systems
- Ability to identify, isolate and communicate problems from/to all levels of users (good understanding of UX/UI)
