

# JUNIOR ANALYST

📍 Lviv, Ukraine  
**remote, fulltime position**

Are you a startup enthusiast from Lviv? You like spending hours looking through sites like Wikipedia and would like to finally find practical application for this trait?

Great – join [StartUs Insights](#) team working on Europe's leading startup and innovation network! We have headquarters in Vienna and remote team in Lviv.

## IF YOU ARE:

- person with analytical and problem-solving skills
- excited about the possibilities of new technologies, startups and the digitalization of our society
- advanced in English
- friend of Excel, inquisitive about other analytic and data management tools

## YOUR MISSION:

- research, analyze and cluster data on technologies, startups and their innovation areas
- analyze data to recognize technology trends
- contribute towards the development of leading startup and innovation network

## WHAT YOU GET IN RETURN:

- work in an environment where your decisions shape the future strategies of the leading European startup and innovation network
- support of experienced Innovation Analysts who will lead you through all processes and stages of projects
- become a part of a collaborative team you'll enjoy working with
- work with our team in Vienna and Lviv
- enjoy flexible working hours and remote work
- fulltime remote position (40 hrs/week)
